

REMARKS

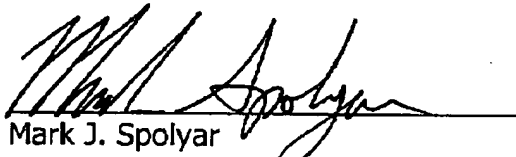

Claims 10-28 were amended to correct a claim numbering numerical order. Specifically, claim 10 was originally filed as a second claim 9 and all claims past claim 10 were also not labeled correctly, as a result. Claims 1-28 are currently pending in this application.

CONCLUSION

Applicant believes that all pending claims are still allowable and respectfully requests expedient issuance of a Letters Patent once the Issue Fee is received.

If the Examiner believes that a conference would be of value in expediting the prosecution of this application, he is cordially invited to telephone the undersigned counsel at the number set out below.

Respectfully submitted,
